

Product changes 2019

MAY 2019

In connection with the implementation of new can filters production technology , the filter lock is no longer painted. This change does not influence on filtration properties.

WA9874

This new air filter is manufactured thanks to innovative technology and makes full use of the limited space in the engine compartment. This filter is used in such models as Mercedes A (W177), B (W247), CLA (W118). A version of this filter for diesel engines is under development.

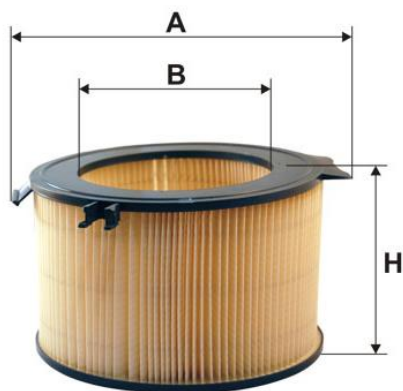

MARCH 2019

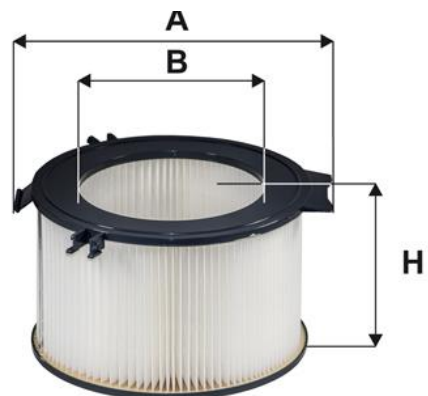

WP6874

The filter medium has been changed to adapt to the current OE version.

BEFORE CHANGE

AFTER CHANGE

WL7413

Information about a eco filter housing change for a spin-on solution in the applications: **FORD TRANSIT (07), PEUGEOT BOXER III, CITROEN JUMPER III (RELAY III), LAND ROVER DEFENDER.**

If in the following vehicles the filter WL7413 has been replaced (including the housing) by a spin-on solution, the filter **WL7527** should not be used.

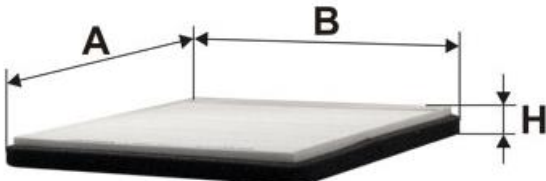

The correct spin-on filter (replacing the previously eco-type solution) is currently in preparation.

Make	Model	Engie	Engine Code	kW	HP	Date
